TO:	Head Traders, Technical Contacts, Compliance Officers, Heads of ETF Trading, Structured Products Traders
FROM:	NASDAQ / BX / PHLX Listing Qualifications Department
DATE:	July 27, 2016

EXCHANGE-TRADED FUND	SYMBOL CUSIP #
Direxion Daily Gold Miners Index Bear 1X Shares	MELT 25490K174
Direxion Daily European Financials Bull 2X Shares	EUFL 25490K166

#### **BACKGROUND INFORMATION ON THE FUNDS**

The Direxion Shares ETF Trust ("Trust") is a management investment company registered under the Investment Company Act of 1940, as amended ("1940 Act"), consisting of several investment portfolios. This circular relates only to the Funds listed above (each, a "Fund" and together, the "Funds"). The shares of the Funds are referred to herein as "Shares." Rafferty Asset Management, LLC (the "Adviser" or "Rafferty") is the investment adviser to the Funds.

# **Direxion Daily Gold Miners Index Bear 1X Shares**

The Direxion Daily Gold Miners Index Bear 1X Shares ("MELT Fund") seeks daily investment results, before fees and expenses, of 100% of the inverse (or opposite) of the performance of the NYSE Arca Gold Miners Index ("MELT Index"). The Fund seeks daily inverse investment results and does not seek to achieve its stated investment objective over a period of time greater than one day. The MELT Fund is different and much riskier than most exchange-traded funds.

The MELT Fund, under normal circumstances, creates short positions by investing at least 80% of its assets in: swap agreements; futures contracts; options; reverse repurchase agreements; exchange-traded funds ("ETFs"); and other financial instruments that, in combination, provide inverse exposure to the MELT Index. On a day-to-day basis, The MELT Fund invests the remainder of its assets in money market funds, depository accounts with institutions with high quality credit ratings or short-term debt instruments that have terms-to-maturity of less than 397 days and exhibit high quality credit profiles, including U.S. government securities and repurchase agreements. The MELT Fund does not invest in long equity securities.

The MELT Index is a modified market capitalization weighted index comprised of publicly traded companies that operate globally in both developed and emerging markets, and are involved primarily

in the mining for gold and, to a lesser extent, are also involved in mining for silver. The MELT Index's average market capitalization was \$2.92 billion and its median market capitalization was \$1.56 billion as of December 31, 2015. As of December 31, 2015, the components of the MELT Index had market capitalizations ranging from \$520.2 million to \$10.1 billion. Components of the MELT Index included the gold mining industry as of December 31, 2015.

The components of the MELT Index and the percentages represented by various sectors in the MELT Index may change over time. The MELT Fund will concentrate its investment (i.e., hold 25% or more of its total assets in investments that provide inverse exposure to a particular industry or group of industries) in a particular industry or group of industries to approximately the same extent as the MELT Index is so concentrated.

Generally the MELT Fund may gain inverse exposure to the MELT Index by utilizing swap contracts on ETFs that track the same Index or a substantially similar index as the MELT Fund that provide short exposure. At times, however, the MELT Fund will utilize other derivatives and investment strategies which may include gaining inverse exposure to only a representative sample of the securities in the MELT Index that have aggregate characteristics similar to those of the MELT Index. The MELT Fund gains this exposure by investing in a combination of financial instruments that provide inverse exposure to the underlying securities of the MELT Index. Derivatives are financial instruments that derive value from the underlying reference asset or assets, such as stocks, bonds, or funds (including ETFs), interest rates or indexes. The MELT Fund invests in derivatives as a substitute for directly shorting securities in order to meet its investment objective.

The MELT Fund seeks to remain fully invested at all times consistent with its stated investment objective. At the close of the markets each trading day, Rafferty positions the MELT Fund's portfolio so that its exposure to the MELT Index is consistent with the MELT Fund's investment objective. The impact of the MELT Index's movements during the day will affect whether the MELT Fund's portfolio needs to be re-positioned. For example, if the MELT Index has fallen on a given day, net assets of the MELT Fund should rise, meaning that the MELT Fund's exposure will need to be increased. Conversely, if the MELT Index has risen on a given day, net assets of the MELT Fund should fall, meaning the MELT Fund's exposure will need to be reduced. This re-positioning strategy may result in high portfolio turnover.

Because of daily rebalancing and the compounding of each day's return over time, the return of the MELT Fund for periods longer than a single day will be the result of each day's returns compounded over the period, which will very likely differ from -100% of the return of the MELT Index over the same period. The MELT Fund will lose money if the MELT Index performance is flat over time, and as a result of daily rebalancing, the MELT Index's volatility and the effects of compounding, it is even possible that the MELT Fund will lose money over time while the MELT Index's performance decreases.

# **Direxion Daily European Financials Bull 2X Shares**

The Direxion Daily European Financials Bull 2X Shares ("EUFL Fund") seeks daily investment results, before fees and expenses, of 200% of the performance of the MSCI Europe Financials Index ("EUFL Index"). The Fund seeks daily leveraged investment results and does not seek to achieve its stated investment objective over a period of time greater than one day. The Fund is different and much riskier than most exchange-traded funds.

The EUFL Fund, under normal circumstances, creates long positions by investing at least 80% of its assets in the securities that comprise the EUFL Index and/or financial instruments that provide leveraged and unleveraged exposure to the EUFL Index. These financial instruments include: swap agreements; futures contracts; options; reverse repurchase agreements; ETFs; and other financial instruments. On a day-to-day basis, the EUFL Fund invests the remainder of its assets in money market funds, depository accounts with institutions with high quality credit ratings or short-term debt instruments that have terms-to-maturity of less than 397 days and exhibit high quality credit profiles, including U.S. government securities and repurchase agreements.

The EUFL Index is provided by MSCI Inc. (the "Index Provider"). The EUFL Index is a free floatadjusted, market capitalization-weighted index and represents securities of large-capitalization and mid-capitalization companies across developed market countries in Europe. All component securities in the EUFL Index are classified in the financial sector per the Global Industry Classification Standard (GICS).

As of March 31, 2016, the EUFL Index consisted of the following 15 developed market countries: Austria, Belgium, Denmark, Finland, France, Germany, Ireland, Italy, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the UK. As of March 31, 2016 the EUFL Index consisted of 98 constituents with an average market capitalization of approximately \$16.04 billion and market capitalizations ranging from \$1.6 billion to \$122.1 billion. As of March 31, 2016, components of the EUFL Index were concentrated in the financial sector.

The components of the EUFL Index and the percentages represented by various sectors in the EUFL Index may change over time. The EUFL Fund will concentrate its investment (i.e., hold 25% or more of its total assets in the stocks of a particular industry or group of industries) in a particular industry or group of industries to approximately the same extent as the EUFL Index is so concentrated.

The EUFL Fund may gain leveraged exposure to the EUFL Index by utilizing other ETFs or swaps on ETFs that track the same Index or a substantially similar index as the EUFL Fund. At times, however, the EUFL Fund will utilize other derivatives and investment strategies which may include gaining leveraged exposure to only a representative sample of the securities in the EUFL Index that have aggregate characteristics similar to those of the EUFL Index. The EUFL Fund gains this exposure either by directly investing in the underlying securities of the EUFL Index or by investing in derivatives that provide leveraged exposure to those securities. Derivatives are financial instruments that derive value from the underlying reference asset or assets, such as stocks, bonds, or funds (including ETFs), interest rates or indexes. The EUFL Fund invests in derivatives as a substitute for investing directly in a security in order to gain leveraged exposure to the EUFL Index or its components.

The EUFL Fund seeks to remain fully invested at all times consistent with its stated investment objective. At the close of the markets each trading day, Rafferty positions the EUFL Fund's portfolio so that its exposure to the EUFL Index is consistent with the EUFL Fund's investment objective. The impact of the EUFL Index's movements during the day will affect whether the EUFL Fund's portfolio needs to be re-positioned. For example, if the EUFL Index has risen on a given day, net assets of the EUFL Fund should rise, meaning that the EUFL Fund's exposure will need to be increased. Conversely, if the EUFL Index has fallen on a given day, net assets of the EUFL Fund's exposure will need to be reduced. This re-positioning strategy typically results in high portfolio turnover.

For more information regarding each Fund's investment strategy, please read the prospectus for the Funds.

As described more fully in the Trust's prospectus and Statement of Additional Information ("SAI"), the Funds issue and redeem Shares at net asset value ("NAV") only in large blocks of 50,000 Shares (each block of Shares called a "Creation Unit"). As a practical matter, only broker-dealers or large institutional investors with creation and redemption agreements (called Authorized Participants) can purchase or redeem these Creation Units. Except when aggregated in Creation Units, the Shares may not be redeemed with the Funds.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for each Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the underlying indexes, visit the Funds' website at <u>www.direxioninvestments.com</u>.

# PURCHASES AND REDEMPTIONS IN CREATION UNIT SIZE

NASDAQ members, BX members and PHLX members and member organizations are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the Trust's prospectus and Statement of Additional Information and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

# **PRINCIPAL RISKS**

Interested persons are referred to the discussion in the prospectus for the Funds of the principal risks of an investment in the Funds. These include tracking error risk (factors causing a Fund's performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), aggressive investment techniques risk, cash transaction risk, counterparty risk, currency exchange rate risk, daily inverse index correlation/tracking risk, derivatives risk, early close/trading halt risk, effects of compounding and market volatility risk, emerging markets risk, foreign securities risk, geographic concentration risk, gold and silver mining company risk, high portfolio turnover risk, international closed-market trading risk, intra-day investment risk, investment risk, liquidity risk, market risk, mining and metal industry risk, money market instrument risk, non-diversification risk, regulatory risk, shorting risk, smalland/or mid- capitalization company risk, valuation time risk, authorized participants concentration risk, market price variance risk, and trading issues risk.

### **EXCHANGE RULES APPLICABLE TO TRADING IN THE SHARES**

Trading in the Shares on NASDAQ is on a UTP basis and is subject to NASDAQ equity trading rules. Trading of the Shares on BX is on a UTP basis and is subject to BX equity trading rules. Trading of the Shares on PHLX's PSX system is on a UTP basis and is subject to PHLX rules.

#### **TRADING HOURS**

The values of each index underlying the Shares are disseminated to data vendors every 15 seconds. The Shares will trade on NASDAQ between 7:00 a.m. and 8:00 p.m. ET. The Shares will trade on BX between 8:00 a.m. and 7:00 p.m. ET. The Shares will trade on PSX between 9:00 a.m. and 5:00 p.m. ET. For trading during each market's pre-market and post-market sessions, market participants should note that additional risks may exist with respect to trading the Funds during these sessions, when the underlying index's values, intraday indicative value, or similar value may not be disseminated or calculated.

#### **DISSEMINATION OF FUND DATA**

The Consolidated Tape Association will disseminate real time trade and quote information for the Funds to Tape B.

Fund Name	Listing Market	Trading Symbol	IOPV Symbol	NAV Symbol
Direxion Daily Gold Miners Index Bear 1X Shares	NYSE Arca	MELT	MELT.IV	MELT.NV
Direxion Daily European Financials Bull 2X Shares	NYSE Arca	EUFL	EUFL.IV	EUFL.NV

# **SUITABILITY**

Trading in the Shares on NASDAQ will be subject to the provisions of NASDAQ Rule 2310. Trading in the Shares on BX will be subject to the provisions of BX Equity Rule 2310. Shares trading on PSX will be subject to the provisions of PHLX Rule 763. Members and member organizations recommending transactions in the Shares to customers should make a determination that the recommendation is suitable for the customer. In addition, members must possess sufficient information to satisfy the "know your customer" obligation that is embedded in both the NASDAQ Conduct Rules and the BX Conduct Rules.

NASDAQ members, BX members and PHLX members and member organizations should also review NASD Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of

the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

### **TRADING HALTS**

NASDAQ will halt trading in the Shares of a Fund in accordance with NASDAQ Rule 4120. BX will halt trading in the Shares of a Fund in accordance with BX Equity Rule 4120. PHLX will halt trading in the Shares of a Fund in accordance with PHLX Rule 3100. The grounds for a halt under these rules include a halt by the primary market because the intraday indicative value of the Fund, the value of its underlying index, or a similar value are not being disseminated as required, or a halt for other regulatory reasons. In addition, NASDAQ, BX and PHLX will also stop trading the Shares of a Fund if the primary market delists the Fund.

#### **DELIVERY OF A PROSPECTUS**

NASDAQ members, BX members and PHLX members and member organizations should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Funds.

Prospectuses may be obtained through the Funds' website. The prospectus for the Funds does not contain all of the information set forth in the Funds' registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the Securities and Exchange Commission ("SEC"). For further information about the Funds, please refer to the registration statement.

In the event that the Funds rely upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, NASDAQ Rules 5705 and 5740, BX Equity Rules 4420 and 4421, and PHLX Rule 803 require that members and member organizations, respectively, provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust for the Funds, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by members or member organizations to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of the Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund."

Any NASDAQ, BX or PHLX member or member organization carrying an omnibus account for a nonmember broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the nonmember to make such written description available to its customers on the same terms as are directly applicable to NASDAQ members, BX members and PHLX members or member organizations under this rule.

Upon request of a customer, NASDAQ members, BX members and PHLX members or member organizations shall provide a copy of the prospectus.

#### **EXEMPTIVE, INTERPRETIVE AND NO-ACTION RELIEF UNDER FEDERAL SECURITIES REGULATIONS**

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded Funds.

#### **REGULATION M EXEMPTIONS**

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

#### CUSTOMER CONFIRMATIONS FOR CREATION OR REDEMPTION OF FUND SHARES (SEC RULE 10B-10)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to a Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

# SEC RULE 14E-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of a Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of a Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

# Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(I)(5)(A), (B) or (C). (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a noaction position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as

defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

#### SEC RULE 15C1-5 AND 15C1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See <u>letter</u> from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)

This Information Circular is not a statutory prospectus. NASDAQ members, BX members and PHLX members and member organizations should consult the Funds' prospectus and/or the Funds' website for relevant information.
